Pager for Ameren Labadie slm R7.docx

James,

There is a "pager" that is getting kicked around AQPD on the Region 7 situation that I can share (attached). However, it is not in a final form yet. Todd Hawes was asking for Andy Chang to share a final version with Chet and others in AQAD since we haven't been invited to the call today with Region 7. The 1-page summary that I developed last week for Chet was with respect to the Wagner Generating Station in Maryland / Region 3... also attached for reference.
